Sound Level Comparisons (in Decibels)

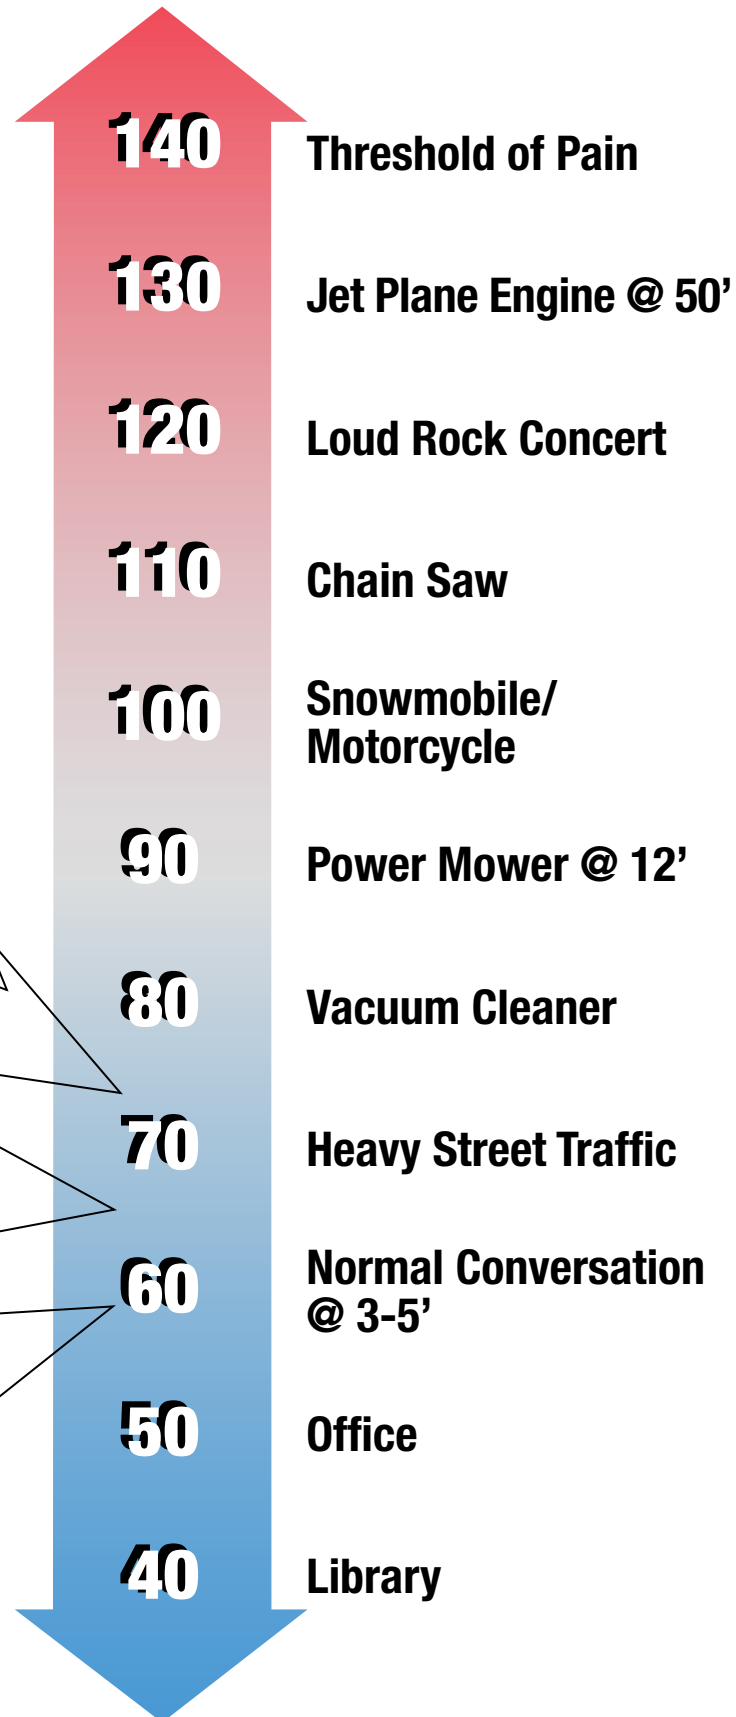

HW4000-HW7500E Portables @ 23'
70 to 76 dBA @ 75% load*

HW2000i Inverter @ 23'
59 to 70 dBA from idle to 75% load*

HW1000i Inverter @ 23'
53 to 64 dBA from idle to 75% load*

*NOTES/DISCLAIMERS: Sound numbers are for estimate and general reference only. Actual measurements will vary depending upon multiple factors.

Sound levels are measured at powered appliance using a combination of 20' extension cord and actual appliance cord. 75% load = 75% of running watts.
